Cookies help us improve the functionality and usability of our website. More information on cookies is available on the [FINNISH COMMUNICATIONS REGULATORY AUTHORITY'S WEBSITE.](#)

2. What is a cookie?

When you go online, you use a "browser" (like Apple's Safari or Google's Chrome). Most websites store a small amount of text in the browser—and that text is called a "cookie."

2. How can I stop the website from collecting cookies?

Your browser probably gives you cookie choices. For example, most browsers let you block “third party cookies,” which are cookies from sites other than the one you’re visiting. Those options vary between browsers, so check your browser settings for more info.
